Care Companions

There may come a time when some of us need extra help with our daily lives, we may be less sure on our feet, unable to take care of ourselves properly, or just feeling lonely.

Crossroads Care Companions are a team of dedicated and professional carers with extensive experience in companionship and the care of the elderly.

**Do you have an elderly relative?
Would they benefit from a Care Companion?**

Crossroads Care Companions offer reassurance and help with everyday activities both inside and outside the home. We can be there when your family or friends can't!

Our Care Companions provide a personal service to anyone who wants to get out more.

Don't feel confined to your home.

You choose where you'd like to go and we'll accompany you, visits to the garden centre, shopping, cinema or wherever you want to go.

**Then why not call upon
Crossroads Care Companions**

Crossroads Care Companions allow you to regain aspects of social activity such as going shopping, to restaurants, for walks or visiting family and friends etc.

Crossroads Care Companions offer escort and support for your doctor's, dentist, or hospital appointments.

Crossroads Care Companions are available to sit with you when you need us day or night. We aim to place Care Companions who are carefully matched to your needs.

As your condition may change from time to time our flexible, well-resourced service is fully able to adapt to meet new circumstances.

All Crossroads Care Companions are experienced and have a current enhanced C.R.B check. Staff will be introduced prior to the onset of the service.
